October 29, 2011

► **Featuring Jeff Johnson of Explorations Early Learning**

Jeff A. Johnson opened Explorations Early Learning, a family child care program, with his wife Ta-

sha, in 2003 after spending 16 years directing a child care center and community center for a large non-profit agency. According to Jeff, "The best thing about our program is the great kids...Our days are full of laughs, conversation, play, exploration, discoveries, and fun...It is wonderful to get to see them rediscover the world."

Jeff presents keynotes and workshops at over 30 events a year. In the last three years, he has presented to thousands of caregivers in about half of the US states and Ireland.

This is Jeff's third visit to Miles City!

Date: October 29, 2011

Location: Miles Community College, Room 106

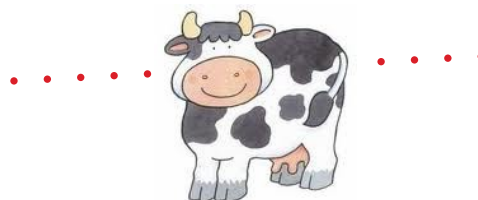

Time: 9 a.m.—4 p.m.

Lunch on your own.

6 Early Childhood professional development credits.

**Cows in the Basement**

A child's life should be full of whim, fantasy, imagination, and goofiness, but all too often kids are being forced to grow up too soon. This session will look at how we as caregivers can feed their need for fun and fantasy...and have a good time ourselves while doing so.

Jeff captures attention at the NAFCC conference.

AND he's a great participant!
